

The 7th edition of
Poznań Summer School of Bioinformatics

07 – 11 July 2009

Adam Mickiewicz University, Biology Department,
ul. Umultowska 89, Poznań, Poland

<http://pssb.amu.edu.pl>

Topics:

- biological databases and effective searching techniques.
- algorithms and methods for sequence analysis.
- gene expression.
- molecular phylogenetics.
- proteins and RNA structure prediction.
